Strange Tales from Lovecraft Middle School

Strange Tales from Lovecraft Middle School #1: Professor Gargoyle

By Charlie Ward

It's a new school year in a strange new school: Lovecraft Middle School. It's a brand-new state-of-the-art facility—so why do so creepy things keep happening? Why do teachers act so strangely? And where are all the rats coming from?

In *Professor Gargoyle*, 11-year-old Robert and his new friends Glenn and Carina discover that the school library might be a portal to another world, one teeming with monsters, demons, ghosts, and other beasts that go squish in the night.

In *The Slither Sisters*, we follow Robert and his friends deeper into the world of Lovecraft Middle School—and its bizarre parallel dimension, where they meet a pair of mysterious twin sisters who may not be what they seem . . .

Each book is fully illustrated and features an original lenticular (holographic 3-D) cover portrait.

CHARLIE WARD lives in the abandoned coastal town of Arkham, Massachusetts, where he works as the general manager of a dilapidated hotel. He is already at work on the third novel in the Lovecraft Middle School series.
